MATTICK WINS GAME FOR THE WHITE SOX.

Drives Out Triple With Bases Full in

Chleago, Oct. 17.—"Chick" Mattick of the Chicago American league team today kept his club in the running for the city championship by driving out a triple with the bases full in the ninth ing. When he scored a moment er on an out he brought defeat to local National leaguers by a score

of 8 to 5.

The spectacular finish was in keeping with the rest of the game. Zimmerman's hitting was responsible for four of the Cubs' tallies. His sacrifice fly scored Miller in the first; his home run brought himself and Tinken home in the fourth, and his double came in the eighth after Miller's triple had sent Goode home. For the Sox, a wild pitch, followed

For the Sox, a wild pitch, followed by Schalk's single, sent Burton across the plate in the second. Then in the sixth Collins and Weaver were in-fected by Zimmerman's habits and each hit a home run, Burton having doubled between the exploits. The minth inning started with the Cubs leading, but Richle was wild and two passes and a hit filled the bases. Lavender went in cold and Mattick's hit followed.

FORMAL CHARGES MADE

AGAINST FOGEL. Given Five Days to Explain Alleged Accusations of Dishonesty of Um-

New York, Oct. 17 .- Formal charge: against Horace Fogel, president of the Philadelphia National league club, based upon his alleged assertions that umpires had favored the New York club and that this years' race had been fixed for that club to win, were ordered drawn at a special meeting here today of the National league of base-ball clubs.

Mr. Fogel will be given an oppor funity to substantiate statements pub-lished over his signature accusing certain umpires of unfairness and alleg-ing that the race for the pennant this year was fixed for the New York club to win. The charges will also include statements which President Fogel is alieged to have made at the Philadel-phia baseball park at the last series played there with the New York team, an accusation alleged to have been made that the manager of the St. Louis club weakened his team by playing substitutes so that the New Yorks could win, and charges made by William Brennan, an umpire whose fairness was said to have been impugned by William Procesi by Mr. Fogel.
"If he can prove that the Nationa

league race was crooked this year and that the umpires or the president of the league were parties to it," said President Lynch in a statement to the meeting, "then the umpires should be discharged and blacklisted from ever taking part in organized baseball and taking part in organized baseball and the president of the league should step down and out of his position in disgrace. On the other hand, if these charges cannot be proven, then it is up to the National league to pass legislation preventing this man from representing a National league club in any capacity. I respectfully place this before you gentlemen and ask your wish as to procedure in this case."

John A. Heydler, secretary of the league, was directed to present the charges to President Fogel within five days, and Mr. Fogel was given five days additional to draw up his answer. The league will meet in this city on Tuesday, Nov. 26, to hear Mr. Fogel's defense and take action in the matter.

FINANCIAL AND COMMERCIAL

Foreign Conditions Dominating Influence of the Stock Market.

New York, Oct. 17.—Foreign conditions were again factors of primary importance in the local stock market today. Formal declaration of war by Turkey against Bulgaria and Servia and advances in the British and French discount rates, while not unexpected, served as reminders of impending as well as current events at important continental centers.

Of Europe's three leading financial institutions, the statement of the Imperial Bank of Germany was far and away the most favorable, disclosing large gains in gold and cash, with a decided contraction of discounts. The British bank lost more gold, its likebility respires are much under last years, and the 5 per cent. discount is the highest in about two years. The Bank of France also lost some gold and increased its discounts by over \$27.000 too.
